# CEO MESSAGE

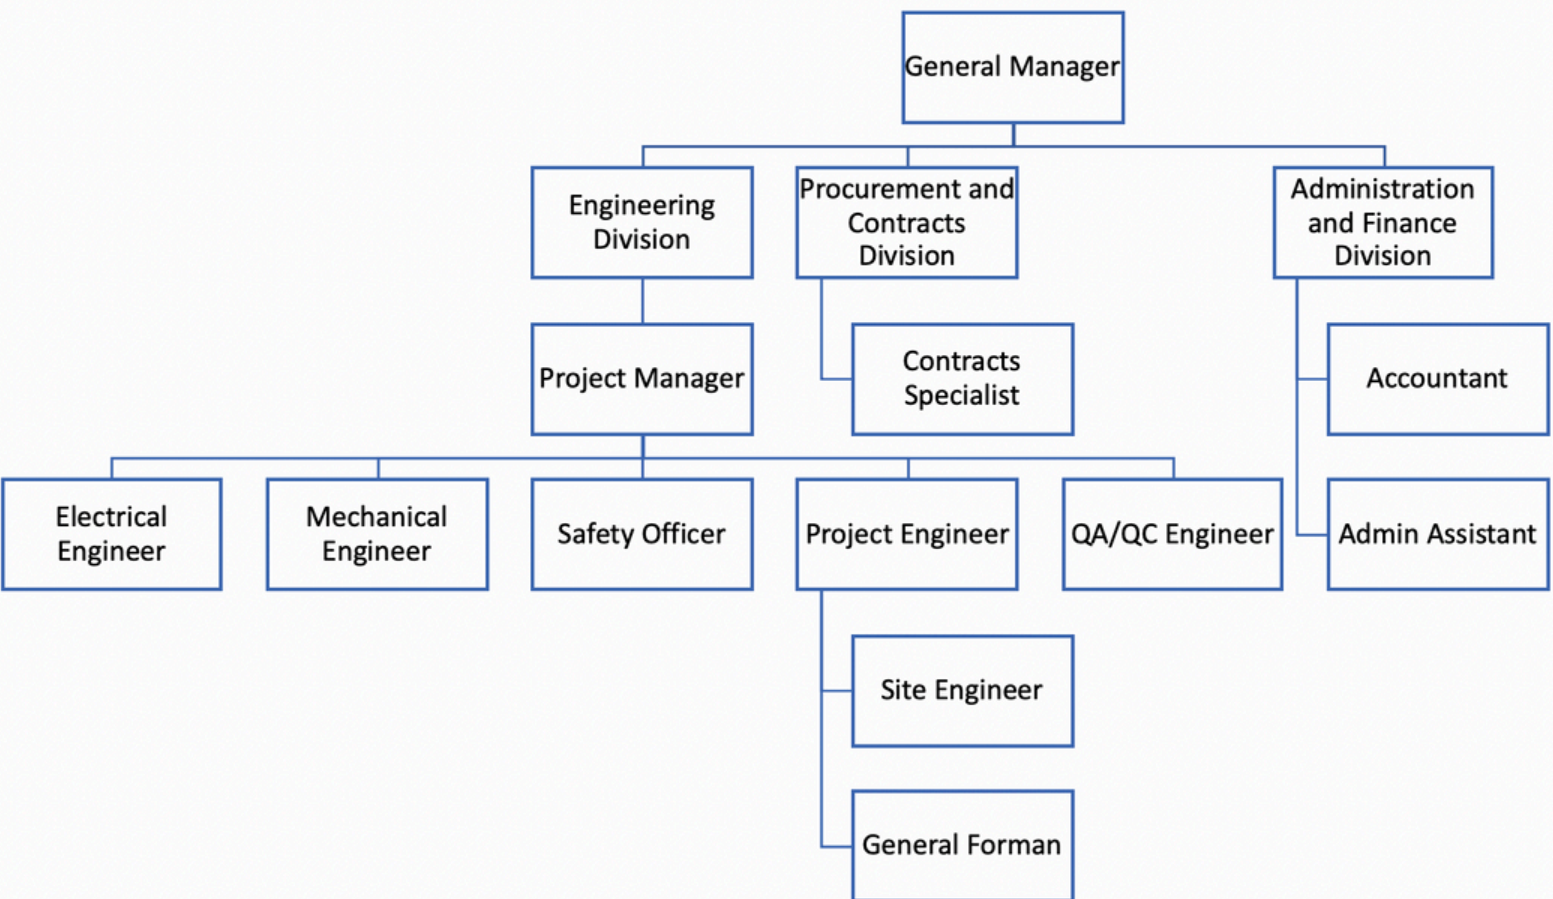

I am delighted to welcome you to Commitment Construction W.L.L (CC) and to provide a brief overview of our Company. Since 2007, our founding company has completed over 100 Residential, Commercial, Mixed Use, Hospitality, Retail and Industrial projects, Private Villas in the State of Qatar. By successfully executing a vast array of many projects, CC is strengthening its well-deserved reputation for providing our all services to its esteemed clients. We are offering proposals for design concepts of buildings and development sites, conducting design competitions to select schemes and provide budgets to deliver incomparable quality projects. Ultimately, the primary CC objective is to deliver superior projects on an accelerated basis by accelerating the overall development process. This diverse approach allows clients to reduce the development time including planning and construction processes. The current CC project portfolio includes Residential & Commercial buildings, Private Villas and numerous maintenances work. The foundation of the CC culture and value is based on internal teamwork at all levels. CC upper management executives display outstanding commitment and personal involvement in the day-to-day execution of projects. Experienced project managers in collaboration with our strategic partners provide expertise to guide and carry out extraordinary design as well as enforce rigorous quality controls at the project level. The CC executive team members dedicate large share of their time at construction sites and consistently interact with clients to carry out our promise of excellence. We welcome you to familiarize yourself with our company profile, our teams and the numerous projects within our portfolio.

Sincerely,

**Mahmoud Al Qadhi**

**Chief Executive Officer**

# ORGANIZATIONAL CHART

# HISTORY

Commitment Construction began as a general works contractor in 2007 by Hussam Thabit Al-Qadhi . Over the years, the group has undertaken many challenging projects and accumulated skills, know-how and experiences in design and build solutions, project management services, building trades and related engineering works.

Today, Commitment Construction takes on the role of main contractor for small medium size projects and performs project management services to coordinates specialist trades of industrial/commercial projects. We also provide design inputs and engineering solutions as value-add services to our clients.

Our objectives is to provide our clients with an “I am assured” experience when we are chosen to execute their projects. Our emphasis on clear communication and follow-through procedures ensures that client’s objectives are top priority in the planning and execution of all our processes.

# ABOUT US

We started our journey with the name Commitment Construction W.L.L and have progressed consistently, creating significant value for all our Clients and consultants. In every company's history, there comes a time when the need arises, to future proof the identity of the brand to serve unfolding business opportunities.

Founded in 2004 as a small start-up Company by Mr Hussam Al Qadhi , energetic and dynamic entrepreneur with a humble beginning. Commitment construction has grown rapidly from a small contractor to a main contractor with more than of projects and continues to grow at a staggering pace driven by its innovative workforce and talented engineering team. Through the years, the Company has progressed to become a multi-disciplinary builder and is now capable of providing a one stop professional building/construction services.

Commitment has over the last few years set out new business targets and is now a full fledged main building contractor even as its specialist works gained much recognition as one of the leading main contractors whose services others use as a bench mark. The business activities have also been expanded to include main contracts general building works, MEP works, Maintaineces works.

Our civil works are the heart of our operations. Our dedicated site teams deliver to the highest safety and quality standards, while our management teams ensure work is delivered on time and within budget. Carrying such a wide and modern construction work has been key to the success of our operations.

# MEP WORKS

We providing Mechanical Electrical Plumbing (MEP) engineering design review, coordination, and construction technical support for all projects, ranging from code corrections, minor and major renovations, systemic new or replacement projects, . We will also be responsible for coordinating MEP concerns with other departments, including Building Services, and other departments as required to support the MEP works.

# MAINTENANCE WORK

We deliver comprehensive solutions for maintenance Services to multi-discipline sectors; we have a wide range of resources available to take on any project, big or small, adding to that we offer turnkey project customize systems & solutions.
